Parma Heights, Ohio
GSA Control Number: D-OH-550A (Parma Heights)

Dear Mr. Robinson:

Since our last report in 2005 we have installed the necessary "National Park Service" signage at the entrance to the park located at 7075 Parma Park Boulevard, a picture is enclosed with this letter. We have also made one (1) major improvement, that being a playground and picnic shelter. The playground includes a large play structure; four (4) tot swings, four (4) regular swings and one (1) tire swing, with five (5) benches surrounding the play area. In the spring of 2012 the City of Parma Heights plans to re-grade the infield of Litten Field as one of our improvement projects

Presently, the cell tower on the property brings in \$130,984.00 annually. This revenue allows us to fund the improvements at Nathan Hale Park and has allowed us to meet other general as well as capital expenditures for the city's overall recreational programming.

Please contact me if you have any questions,

Sincerely,

CITY OF PARMA HEIGHTS

Thomas Moran
Director of Recreation
